

YOGURT & MELON ICE FRUIT

MELON TOP ICE

INGREDIENTS

WATER	g 2500
JOYQUICK MELONE	g 1250

PREPARATION

Combine JOYQUICK and water using an immersion blender.

Pour mixture in a suitable silicone mould.

Put in a blast chiller until fully hardened.

YOGURT GELATO

INGREDIENTS

MILK	g 3000
JOYQUICK YOGURT	g 1200

PREPARATION

Combine JOYQUICK and milk using an immersion blender.

Allow to rest for 10-15 minutes.

Pour the mixture into a batch freezer and leave until the preparation is complete.

Place the gelato into an ice-cream container and level the surface.

FINAL COMPOSITION

Remove the top ice from the silicone mould and place it onto the gelato.
Put into a blast chiller for at least 10 minutes.
Remove from the blast chiller and finish with DOBLA TURITELLA and DOBLA FOREST SHAVINGS MIDI ORANGE.
