

SEVEN SINS MOUSSE

MODERN CAKE

DIFFICULTY LEVEL

CHOCOLATE BISCUIT

INGREDIENTS

SFRULLA CHOC

EGGS - AT ROOM TEMPERATURE

g 1000

g 1200

PREPARATION

Whip all the ingredients in a planetary mixer with a whisk for 7-8 minutes at the highest speed.

Line a 60x40cm tray with parchment paper and spread 450g of whipped mixture into a layer in the prepared tray

Bake at 210-230°C in a deck oven or at 190-210°C in a fan oven for 5-7 minutes.

Let cool down for a few minutes, then cover with plastic sheets to avoid drying and store in the fridge until you have to use it.

ADVICE:

- For best results, we recommend to measure the doses out so that they are proportionate to the volume of bowl of the planetary mixer.
- Very cold temperature of eggs and water reduce the volume of the whipped mixture.
- To store the chocolate biscuit layers for longer periods, cover them well and freeze.
